Forklift pockets and central
lifting points

The PR4000 Super Silent, Mobile Lighting Tower is available for sale and rental Australia wide and illuminates a wide work area, utilising 4x1000w Metal Halide lamps. The vertical hydraulic mast operation and light tilt feature ensures easy operation and 360° directional lighting, whilst out in the field.

Combined with a host of features to maximise productivity, improve operator safety and reduce costs and environmental impact, the PR4000 has been designed and manufactured to the highest quality standards and complies with Australian Standards and Noise Level Regulations.

For more information on the PR4000 and other lighting towers in our range, visit our website or contact our office today.
