

# PR4000-HPS

PR Power Mobile Lighting Tower

**PR**POWER

## KEY FEATURES & BENEFITS

- 4,200m<sup>2</sup> approx. illuminated area for maximum visibility, utilising High Pressure Sodium lights
- HPS lamps produce a soft orange light output, with reduced glare
- 360° mast rotation for maximum light coverage
- PR Auto Controller Optional - automatically switch lights on and off according to light sensitivity. Optional warning beacon.
- Manufactured to meet Australian Safety Standards
- Weatherproof, soundproof and lockable enclosure for reduced noise and added security
- Certified wind stability to 110km/h
- Mast Safety - no crush points
- Engine safety shutdown protection
- Fully bunded to contain spills
- 4x manual wind down stabiliser legs for added stability & safety
- Long range 116 litre fuel tank
- Forklift pockets and lifting points for easy manoeuvrability
- Road ready trailer Standard. "Mine Spec" trailer optional

## PR4000-HPS MOBILE LIGHTING TOWER

The PR Power range of mobile lighting towers are designed and manufactured with a high level of precision and quality and with the end user in mind.

The PR4000-HPS produces maximum light visibility and performance for continuous night work, in a wide range of applications including rental, construction, industrial and civil works.

PR Auto Controller is available as an option, which switches the lights on and off automatically according to light sensitivity, reducing fuel consumption, wear and tear and emissions.

A central control point has also been incorporated for added operator safety and convenience. Adjustable towbar, central lifting point and forklift pockets make the unit easy to transport to site.

Parts and technical support for the PR4000-HPS is available Australia wide.

In addition to the PR4000-HPS, PR Power also provide a range of lighting tower configurations for sale or hire in applications, such as construction, civil works, events and roadworks.

For more information on our range of mobile lighting towers and other equipment contact our office today on **1300 399 499** or visit our website at **www.prpower.com**.

## TECHNICAL DATA

### SPECIFICATIONS

Light output	4 x 1000w
Type of light	High Pressure Sodium (HPS)
Maximum mast height	9m
Mast lifting system	Hydraulic
Mast rotation	360°
Colour	White
Auto Start/Stop Lighting System	PR Auto Controller Optional
Warning Beacon	Optional

### ENGINE

Engine	Kubota D1105-E
Fuel tank	116 litres
Fuel consumption	1.3 L/hr
Operating hours	89hrs
Noise rating	62dBA@7m

### TRAILER/CHASSIS

Trailer	<ul style="list-style-type: none"> <li>▪ Single axle, heavy duty</li> <li>▪ Adjustable towbar</li> <li>▪ Handbrake</li> <li>▪ Break away brake cable</li> <li>▪ Road ready</li> </ul>
Certified wind stability	110km/h
Stabilisers	4x Wind down stabiliser legs
Dimensions (Mast fully retracted)	3400 x 1500 x 2330mm
Dry weight	1115kg

### GENSET SPECIFICATIONS

kW	Hz	V	rpm
9	50	240	1500
