*The PR8000 Super Bright, Fully Hydraulic, Mine Site Ready Mobile Lighting Tower, is available for sale and rental Australia wide.*

*Packed with a range of superior benefits, the PR8000 is built TOUGH for mining applications.*

**SUPER BRIGHT LIGHT ILLUMINATION**

Illuminates a wide work area with 360° directional lighting and electric light tilt feature, utilising 4x2000w Metal Halide lamps. Produces up to 24,500m<sup>2</sup> of light illumination.

**COST SAVINGS**

Eliminates breakdowns including manual winches, reducing downtime and operator time and improving productivity. The bright light output ensures less units are required, reducing costs.

**ENVIRONMENTAL**

The PR8000 is fully bunded preventing fluid spills. An Auto Start/Stop Shutdown option is available, which automatically switches lights on and off according to light sensitivity, further reducing fuel consumption and emissions.

**LOW MAINTENANCE**

Manufactured and designed to European and Australian Standards, the PR8000 is a low maintenance mobile lighting tower, with easily accessible key components including engine, alternator, electrics and hydraulics.

**HEALTH AND SAFETY**

Complies with Australian Standards and has certified wind stability to 110km/h. Eliminates the danger of the mast collapsing from a height of 9m (No mast safety pins required). In addition, sight level indicators ensure safe positioning of the lighting tower, while the four hydraulic stabiliser legs provide added stability.

**INNOVATIVE RUGGED DESIGN**

An innovative, compact and rugged design manufactured to meet Australian Mining Standards. The PR8000 also has a long range 180litre fuel tank, hydraulic mast raising and lowering and electric light tilt capabilities.

**EASY TO TRANSPORT**

The rugged and compact design of the PR8000, complete with heavy duty, adjustable towbar and 16" Landcruiser tyres, makes it easy to manoeuvre on a mine site or rugged terrain.

**RANGE OF MOBILE LIGHTING TOWERS AVAILABLE FOR SALE AND RENTAL**

In addition to the PR8000, PR Power supply a wide range of mobile lighting towers for sale and rental to meet the needs of various applications from mining, construction, civil works, industrial, road works and events.

4x 2000W Lamps

Control Panel

Diesel Engine

Heavy Duty Towbar
